

# DEEPWATER

## Failure Analysis Corrosion Consulting Services

Heat exchanger failure

Choke erosion failure

Ballast tank coating failure

### Service Overview

Deepwater Corrosion Services Inc. covers all the bases when it comes to offshore corrosion engineering and inspection. Our ability to team senior corrosion specialists with field engineers and inspectors puts our group in a unique position to offer qualified solutions to unscheduled offshore corrosion failures. There is no aspect of corrosion outside of our scope.

Our network of Houston based specialized test laboratories and subject matter expert consultants combine to bring fast and effective analyses and solutions.

Let Deepwater solve your corrosion problems, we have been moving the industry forward in the Gulf of Mexico, the North Sea, West Africa, the Far East and many other locations since 1986.
